

AMERICANS HAVE ADVANCED TEN MILES; TWO GERMAN DIVISIONS TRAPPED IN ANGLE

NEW MEN AVAILABLE FOR NATIONAL ARMY

Over 3,000 Registered in Division 1--No Instructions Relative to Questionnaires --Many May Be Inducted in October-- Other Returns Delayed.

About 3,044 men between the ages of 18 and 45 registered Thursday in the districts covered by Division 1, including the city of Kingston and the town of Rosendale. This total includes 17 registration cards that came by mail this morning. More cards are expected by mail, and the total figure may be quite some larger, as all the reports from the various registration places will be thoroughly rechecked.

The story of the activities of the registration was told in the Freeman Thursday. The men registered at their respective polling places and the registration was in charge of the election officials who had charge of the recent primary day election in Kingston. The polls opened at 7 a. m. and closed at 9 p. m.

The registration in the early evening was particularly heavy, as many of the employed in factories registered while on their way home to supper. Others hurried to their homes and registered right after supper. There were a number who waited to the last minute and the registration places presented scenes of activity until the closing hour.

It was the red letter day in American history. It was a great day for America and Kingstonians responded to the spirit of the occasion. The new prospective members of Uncle Sam's National Army were glad of the privilege of enrolling for service with Uncle Sam, and the relatives and friends of these registrants shared their patriotic spirit.

Many of those who registered Thursday will probably be called in October. It is understood, although no definite orders have been received by the local boards here, that the first call will be issued in October and that it will be followed by a second call to be sent out some time in November. The men of nineteen to twenty and thirty-two to thirty-six years will no doubt be called first.

Local boards have received no instructions yet as when they are to mail the questionnaires to the new registrants. The date is up to the adjutant general's office and the boards do not mail the questionnaires until instructions are received. It is thought that the boards will soon receive these instructions, and that they will be instructed to mail first the questionnaires to those registrants of nineteen to twenty years and thirty-two to thirty-six years.

Many registrants wondered why the election officials did not number day the registration certificate. This makes no material difference. The important point is that the registrant must carry his registration card, or certificate as it is officially known as, with him all of the time. If this card is forgotten by the registrant it may result in much trouble and inconvenience to him.

The registration reported by Division 1 is as follows:

First ward	166
Second ward	235
Third ward	232
Fourth ward	229
Fifth ward	175
Sixth ward	227
Seventh ward	174
Eighth ward	123
Ninth ward	141
Tenth ward	209
Eleventh ward	144
Twelfth ward	262
Thirteenth ward	89
Town of Rosendale	202
Out of town registrants	320
Total	3044

Returns from the registration in divisions 2 and 3 are not yet available for publication.

14 MILLION MEN ENROLLED THURSDAY

First Returns Indicate Registration Six Per Cent Above Estimate-- Great Undertaking Went off Without a Hitch.

By Telegraph to The Freeman.

Washington, Sept. 13.—The number of men who registered throughout the nation yesterday probably will exceed by at least six per cent Provost Marshal General Crowder's estimate of nearly 13,000,000, according to early figures received today. The first returns were from the states of Minnesota, Oregon, Rhode Island, Vermont and Wisconsin. These all showed an average of six per cent heavier registration than had been estimated, and the belief was expressed that a record equally as good has been maintained in other states, and that the total would exceed 14,000,000.

FRENCH ARMY BAND HERE SEPT. 30

During the Big Fourth Liberty Loan Drive--Will Be Welcomed by Big Parade From Rhinebeck Ferry to City Hall Where Band Will Give Concert.

A famous French army band will give a concert in Kingston at the City Hall Park on Monday afternoon, September 30, in behalf of the Fourth Liberty Loan Drive, and the local Liberty Loan Committee, of which Charles R. O'Connor is chairman, is planning to meet the band at the Rhinebeck ferry with a big parade and demonstration and escort them up Broadway to the city hall.

That Monday will be a big day in Kingston's history and every effort will be made to make the event one that will be remembered and it is also hoped that the band sales that will help carry Kingston well over the top in the big drive.

Mayor Canfield is chairman of the reception committee; William J. Turk of the parade committee; Captain Everett Fowler of the transportation committee, and Alderman-at-Large Samuel Watts of the decorating committee.

The French band is traveling in a special train on the New York Central and will reach Kingston about one o'clock that afternoon. The parade will form at the Rhinebeck ferry shed at that time and the line of march will be up Broadway to City Hall Park, where the band will render a concert of about an hour's duration.

This band consists of sixty-two warrior musicians, all heroes, some convalescent from wounds and many possessors of the coveted Croix de Guerre. It will travel in a special train consisting of sleeping cars and diner, which will eliminate all problems regarding housing and meals.

Fuller details will be announced later. It is expected that an effort will be made to have the schools declare a half holiday that day and that many of the leading merchants will close their places of business that afternoon, reopening after the band has concluded its program.

THE ALLIED COMMANDERS

These are the men who are directing the fierce smashes against German autocracy on the western front. General Pershing is 58 years old today.

PERSHING WATCHED DRIVE WITH BAKER

By Telegraph to The Freeman.

With the American Army on the Lorraine Front, Sept. 12.—(Night).—Away out in an advanced observation post General Pershing, commander-in-chief of the American army, and Newton D. Baker, the American secretary of war, today watched the Americans smash their way to victory on the battle front between the Meuse and Moselle rivers.

General Pershing and Secretary Baker took up their station in the muddy, rain-lashed post of observation before the infantry went over the top in the cold, wet dawn.

The Americans, supported by a great fleet of tanks, went forward with an irresistible rush and three lines of German entrenchments were captured in a single bound.

As a result of the American progress Mont Sec, the key to the German line in the Toul sector, is menaced by envelopment.

German machine gunners fought obstinately, but were soon hurled back by the onrushing doughboys.

So fast did the Americans go forward that over 100 yards of ground was covered in four minutes.

It was a deep bite which the Yankees took out of the neck of the St. Mihiel salient.

Striking forward west of the Moselle river towards Thiaucourt and eastward of Tressauvaux and Verdun, the Americans pinched in the German salient at its apex on both flanks.

The mist which had followed the night of rain was thickened with a smoke screen which the Americans put out at the hour of the assault.

Under cover of this mask tanks began to roll forward while American infantrymen, with fixed bayonets, were leaping across the parapets of their trenches.

All along the rear, over a wide front, the guns were thundering, putting down a slowly crawling barrage fire.

The first German lines were found to be lightly held. On the apex of the salient there were some French fighting with the Americans and they proved as successful as their comrades in arms. Everywhere the Germans were thrown back from the Meuse river.

French and British airmen helped out the American fliers in the attack and they quickly swept the sky clear of German planes.

TANKS PREPARE WAY FOR INFANTRY

Under Cover of Smoke Screen 100 Machines Flattened Enemy Machine Gun Nests--Losses Slight.

By Telegraph to The Freeman.

London, Sept. 13.—More than a hundred tanks took part in the first American drive against St. Mihiel salient. The tanks and troops advanced under the cover of a dense smoke screen while the American and French gunners bombarded the German artillery from a ridge running the entire length of the American line.

The tanks, manned by both French and American troops, pushed forward in file. One of these detachments composed of 45 tanks lost only one of its number, which stuck in the heavy mud.

From Seicheprey, the scene of a desperate engagement on previous occasions between the Americans and Germans, the American right was swept by a vigorous machine gun fire. But the tanks plunged toward it and immediately flattened out the enemy machine gun nests, enabling the American advance to continue.

The roar of the Franco-American bombardment could be heard for miles. The German artillery replied but feebly.

Rain is falling and the advancing troops are wading through a sticky mud.

CULLEN BOY FOUND ON THE TUG DIXON

John Cullen, the 16 year old son of Principal P. H. Cullen, of School No. 3, who had been missing from home since Tuesday morning, has been located by his father on the Cornell tug Dixon, where the boy had secured a job as a cook. John left home Tuesday riding his bicycle on his way to high school, where he was a student. That was the last his father heard of him. Principal Cullen was much relieved when he finally ascertained what had become of his son, and as the boy is so anxious to work it is probable that his father will allow him to remain where he is.

SPANISH INFLUENZA IN MASSACHUSETTS

By Telegraph to The Freeman.

Boston, Sept. 13.—Two deaths from Spanish influenza were reported early today. Isaac Smith, of Willow Springs, Mass., died at the William A. Brooks Emergency camp at Corey Hill. The other death was that of Daniel H. McDonnell, of Quincy, Mass. McDonnell was the first victim of the disease in Quincy and was only 48 hours. Smith was a shipyard board apprentice.

PRISONERS TOTAL MORE THAN 9,500--60 GUNS

St. Mihiel, Tip of Long Standing Salient, Has Fallen to French and Americans And Whole German Line Between Meuse and Moselle Rivers is in Peril--Two German Divisions Have But Six Mile Opening to Retire Through.

The Germans' grip on the Meuse river south of Verdun has apparently been broken by the brilliant and dashing attack of the Americans who opened yesterday along the St. Mihiel salient and it is probable that if the advance continues, this week may see the Americans in a position to bombard the outer forts of Metz with their long range guns.

The whole German salient in the Woivre district (between the Meuse and Moselle rivers) has been put in peril and two German divisions are caught in a trap from which they will have a difficult job to extricate themselves.

The Americans made a valorous record for themselves in their first great drive conducted under all American leadership, advancing to a maximum depth of ten miles and extending their lines elsewhere from three to eight miles.

A score or so of villages were wrested from the enemy and it is likely that by night the number of prisoners in the hands of General Pershing's army will be far in excess of 10,000.

The Americans employed the "pincer method" against the Germans, attacks being launched simultaneously on both sides of the German wedge which had its apex on the western bank of the Meuse river at St. Mihiel.

So successful was the first phase of the thrust that the two wings of the salient were quickly driven in and it was reported this morning that the bottle neck, through which the Germans must retire, has been narrowed to a depth of less than six miles. This means that all the roads over which the retreating Germans must pass can be kept under terrific and concentrated artillery fire.

There are indications that the Germans are preparing to fall back to their frontier on that portion of the Lorraine front over which the big battle now centers.

Fires and explosions are observed behind the German lines and Pagny, which is almost on the German border, is in flames.

The Germans are destroying vast quantities of war materials. The battle was opened on a front of 14 miles, but it is probable that it will widen as it progresses.

The victory has given the United States a glorious thrill and the extent of the triumph is not yet in sight, as reports from the scene of the struggle today said that the number of German prisoners was increasing steadily.

All branches of American arms distinguished themselves. The bombardment that preceded the infantry advance was a complete success in its accuracy and destructive force. In fact every part of the American army showed that it is able to take care of the task which lies ahead of it.

French forces took part in the battle, but the Americans were in superiority, so far as numbers were concerned. British aviators aided the American and French fliers, also.

The American victory took first place in the war news today standing out as the most important of the battle developments.

British forces advanced at three different points but the operations on the British front were of far less magnitude than those in Lorraine.

OUR AIRMEN COME INTO THEIR OWN

Pilots Who Gave Aid to Artillery and Spotted Machine Gun Nests Thursday Were Trained in America.

By Telegraph to The Freeman.

Washington, Sept. 13.—American aviators gained the supremacy in the air in the fighting between the Meuse and Moselle which is still proceeding. New squadrons, especially organized for work with the first field army covered themselves with glory. Flying in mixed machine—American, British and French—these men, nearly all of them products of American training, have remarkable aid to the American artillery. It was due entirely to their work that the American artillery was able to silence the big guns of the Germans while their

work in spotting the nests of machine guns enabled the Americans to wipe them out, thus keeping the casualty list down to a remarkably small figure.

Members of the house military affairs committee learned this fact on their visit to the offices of the chief of staff today. Although General March was unable to receive them, his aides explained the situation and they carried away from the conference a feeling that the American air service is about to take its rightful place in the great American war machine which is the pride of the Allied nations.

The members were told that the general situation was "progressing satisfactorily." Naturally objections were not explained, but the reports of the work which already has been accomplished, given to these representatives, most of whom personally inspected the battle terrain, impressed them as wonderful. They insisted that when all the details can be made public the American people will have just cause for pride in the achievement of their army in its first major operation.

FRENCH HAVE TAKEN MONT SEC

By Telegraph to The Freeman.

With the American Army on the Lorraine Front, Sept. 12.—(Night).—French troops fighting with the Americans in the offensive southeast of Verdun have captured Mont Sec.

(The high ground in the Mont Sec region is the key to the German front on that sector.)

The total of German prisoners taken is now put at about 10,000. Two American corps captured 8,000 prisoners.

The enemy has withdrawn from all the northern part of his line from St. Mihiel to Verdun.

The German line between St. Mihiel and Verdun would include the northern flank of the Meuse salient.

All of the American objectives were captured before noon, including numerous villages. The troops reached Thiaucourt, three German companies surrendering in that district.

AUSTRIAN PREMIER WILL RESIGN

By Telegraph to The Freeman.

Amsterdam, Sept. 12.—Baron von Hussen, prime minister of Austria, is about to retire from his post, says the Berlin Vossische Zeitung. He is said to have caused Austria to rescind the secret treaty with Ukraine, conceded going to Poland and charged with being ready to make other Galician concessions to the Poles. That has given rise to much friction in the cabinet.

BLOCK PARTY WILL BE HELD TONIGHT

The Main street block party for the benefit of the Red Cross will be held this evening. A band concert will be given, starting at 7:40 o'clock and there are many other attractions, including dancing on the willie. It is expected that there will be a record breaking attendance.

A. W. DIMOCK DIES SUDDENLY

Financier, Explorer, Chemist And Essayist Expired at Rustic Catskill Retreat Where He Had Retired After Business Triumphs.

Anthony Weston Dimock, financier, explorer, fisherman, cowboy, steamship magnate, chemist and essayist, one of New York's most famous men of all 'round attainments, died suddenly at his country home in Happy Valley, fifteen miles from Shokan, Catskill Mountains, near the Peekamoose, Ulster county, on Thursday morning.

Mr. Dimock, born at Yarmouth, N. S., in 1842, was one of the financial kings of New York fifty years ago, when he was associated in the banking and security business with Henry C. Marquand. He was graduated from Andover Academy in 1859 and received an A. M. degree from Columbia, now George Washington University, in 1872. He was accepted as a member of the New York Stock Exchange before his twenty-first birthday.

At 23 he dominated the gold market of the country. When he was 30 he controlled the Bankers' & Merchants' Telegraph Company and was president of the Atlantic Mail and other steamship lines.

Tires of Business Triumphs.

Tiring of business triumphs he retired to a life of exploration and scientific investigation, sojourning with the Indians and ranchers of the real Wild West during its most thrilling period. Later he developed the town of Elizabeth, N. J., building miles of streets and several hundred dwellings, costing from \$5,000 to \$150,000 each. He also built there a gymnasium and other public buildings.

After this he fitted up a palatial residence on the Palisades of the Hudson, expending a quarter of a million on the estate. He lived there until he again, and finally, retired to the life of a hunter, fisherman and author in picturesque Happy Valley, which he "discovered" and made famous.

Great Men His Intimates.

Among his intimates were numbered men who made world history in the middle of the last century, including General Grant, Commodore Vanderbilt, Walt Whitman, Santa Anna, Horace Greeley, J. Q. A. Ward, President Garfield and Jay Gould. His rustic retreat in Happy Valley has been for many years a Mecca for authors, painters, sportsmen, old frontiersmen, financiers and men of national achievement. Mr. Dimock was a member of the Authors Club of New York and the Camp Fire of America.

Funeral services will be held at the residence of Mrs. Archibald Barklie, 555 Jefferson avenue, Elizabeth, N. J., on Saturday at 4 p. m.

WATER, WATER, EVERYWHERE.

That's All Hinkley Saw on the Trip Across.

Mrs. Edward Hinkley, of 16 Henry street, has received the following letter from her son, Harry D. Hinkley, of Company M, 51st Pioneer Infantry, now overseas:

Dear Mother: Just a few lines to let you know that I am well and hope these few lines will find you all the same. I never had a better time in all my life than I am having now. We got the best of everything to eat coming over on the ship.

Well, mother, has father gone to work yet? I hope he is all right by this time and is able to go to work. I suppose you hear from Herbert right along, don't you? When he writes again tell him I am in the best of health and am having a fine time. I wouldn't miss this trip for anything. I am writing this letter somewhere on the sea on the ocean which ever sounds the best to you.

Mother, tell Florence and Mamie to write to me every day or two and Edna and Bill so I can hear from some of you every day or two and be sure to tell Hazel to write every day. Well, mother, you wouldn't think there was so much water on the earth. I never thought so anyway. All you can see day after day is water. No land at all. Mother, when you write to me again don't forget to put the American Expeditionary Forces via N. Y.

Well, mother, I think I will have to close for this time as I don't know of anything else to write. So will say good bye. From your loving son,

HARRY D. HINKLEY, Co. M, 51st Pioneer Inf., A. E. F., via N. Y.

Months ago—early in the Spring—we made a purchase of genuine cut glass intended for our June Sales. Because of labor and railroad delays it was held up and arrived only a few days ago.

In the meantime the prices have advanced several times, so that today many of the items are worth more at the factory than our sale price.

However, we decided to give our customers the advantage of our early purchasing and hence this sale.

The items represent not the expensive type of cut glass which you leave in side board or in your china closet, and seldom or never use, but the usable kind—brilliant, beautiful, serviceable and withal inexpensive. Secure your share Saturday.

AMERICA'S STRENGTH TELLS.

One of the most significant evidences of the decline of the German army's strength is found in the disbanding of seven German divisions to replace losses suffered during the summer campaign. The practice of forming storm battalions of picked men has so weakened the German line that it has had to be abandoned, according to advices from the American front in France. Between July 15 and August 24, the number of German divisions has dropped from eighty-three to fifty and a captured document discloses a plan to disband the fourth company of every battalion which has fallen below 650 men, reducing the battalion to three companies. The pounding that the German line has received at the hands of the Allies since the July drive started has been terrific and without a day's let up. It has been made possible by the arrival in force of American troops. At no time since the war started has the German army suffered such severe losses in men, supplies and positions as during the past month. More than that, the repeated reverses have lowered the morale of the troops while the morale of the Allied troops never was better than at present. The swing against Germany which began three months ago is growing in force every day and is augmented by every fresh arrival of American troops. Lord Reading, the British Ambassador to the United States, addressing American soldiers said: "When the history of this war comes to be written, I am sure it will be said that when American troops began to pour into France, a change came in the situation. When we really stood most in need of the help you have given, America came forward determined to take her part." The present allied offensive has demonstrated that the American army is the deciding factor in the war. The more rapidly it grows, the sooner the war ends. With that knowledge everything except the prosecution of the war becomes of secondary importance to every patriotic American.

IF YOU LIKE YOUR WORK.

Good advice, even of the most practical sort, is too often put aside as "preaching" by light-hearted youth, but certain statistics attributed to a great American expert of industry are well worth the attention of the young men of the country and even of many of the young women of these times. "The one straight road to success," he said, "is to learn to love your business," and he is further quoted as follows:

A man must love his business better than he loves anything else if he would make success sure. It is the true, the only way. We employ more than a hundred thousand persons in our business, and as the director of this force I never fail to observe that the man who works only because he is paid to work has no chance in competition with the man who works because he would sooner do that than anything else. It is the practical secret of success. My business is my pastime as well as my duty. A man can do best that which he loves best. If he has started in a business which he can not learn to love, then he should go into some other business. He will never succeed in this age of competition unless he can find real pleasure in his work. The making of money is not a sufficient incentive. He must find his highest enjoyment in the task itself. No man who works along that line can fail. That is my judgment, based on my own experience and observation.

Speaking from the higher standards, it may well be said that it is every man's duty to love his work and to do it well in order that he may be of real use in the world and thus contribute his share to the sum of that earnest and unselfish effort which enables the world's activities. Speaking from the less elevated standpoint of personal achievement and success, it may be further said that it pays for a man to love his work, for if he loves it he will do it well, and he who does his work well will, as a rule, succeed. The captain of industry quoted is clearly right in saying that a man can do best what he loves best, that the man who works merely because he is paid can not successfully compete with the man who finds real pleasure in his daily employment, and that therefore it is highly important to choose an occupation which attracts and in which one can take an absorbing interest. Of course, it is not possible for every-

one to follow where the strongest inclination leads, but it is possible for all to become interested in the duties of the day, whatever their nature, and to learn to love to do good work—the kind of work that counts both as to the general results of conscientious and intelligent effort and to the forwarding of the personal fortunes of the worker.

NURSE IN BASE HOSPITAL.

Miss Davis Holds Responsible Position at Oswego.

Mrs. Elmer Lund, of Esopus, recently received a letter from her sister, Miss Isabelle C. Davis, R. N., which states that she is having a busy time in the U. S. Base Hospital, No. 5, at Oswego, N. Y. The hospital is located on the shore of Lake Ontario and at present has about two hundred soldiers, who were wounded and gassed in France. The position of Miss Davis is responsible as in addition to the large number of patients she has to look after, she also has charge of the "medicine" room. Among the patients is one who was taken prisoner by the Germans and escaped. Miss Davis states that he is a complete wreck. Some of the patients in the hospital have recovered sufficiently to return to France and several nurses have also gone. Perhaps she may be called there too. All honor to the women who are courageous and patriotic enough to take up the occupation of nursing our wounded soldiers. Miss Davis is a graduate of the Benedictine Sanitarium.

You can save or waste in buying clothes

THERE are many ways to serve the country besides fighting; men on the farm; men under fighting age in business keeping things going for the fighters; all can serve in some way. Serve in your clothes-buying.

Maybe you can save money by not buying any; you may have clothes enough. If you need to buy, save by getting the best clothes possible; the kind that lasts long; good durable fabrics; staunch serviceable tailoring.

Mr. and Mrs. Albert Shadler, of Norwich, N. Y., and Mrs. Everett Shadler, of James City, Mrs. Andrew Shadler, Herbert Shadler, of Saugerties spent a day with Mr. and Mrs.

Fred Shadler recently.

A large number gathered as usual on Labor Day to hear the patriotic hymns rendered so nicely by the Mt. Marion Band, and to see the long parade, consisting of floats of all descriptions, Uncle Sam with Liberty by his side, rode on their graceful steeds. There was the farm wagon with the milk maid, and the farmer. The Ladies' Aid had their float. Youth and old age came also with their float to show how they could knit for the Red Cross, and the ladies dressed in red, white and blue, came forth with flags and gave as a patriotic drill, after which came racing and jumping, and the ladies served a sumptuous repast in the hall, and so the day wore away into the evening and when the crowd was gone they found out they had taken in the neat sum of \$345. Thanks to the community for their

UNDERNEATH THE CITY HALL DOME

The wet weather of Thursday and today put a stop to all street work by the street department.

Dr. C. F. Keefe, the police surgeon, is enjoying his annual vacation and will not return to the city until October 1.

It seems to be the general opinion, that the government would conserve more gas if they issued gas cards and limited the amount of gas to be consumed each week by the pleasure drivers of Kingston. Instead of stopping pleasure driving on Sundays it is said that since gasless Sundays went into effect there has been more night riding on the part of those owning autos and in that way the gas saved Sundays was used during the week.

This of course would not interfere with business cars such as auto trucks and delivery autos, as it would be hardly fair unless the gas supply became very low to prohibit them from using the usual amount of gas, but with the request to eliminate all waste as far as possible.

There are telling a good tale of the hard working paid fireman at the Central Fire Station, who was presented with an old telephone pole, and who has been using his spare hours cutting the pole up into stove lengths with the expectation of removing it to his home later, and thus getting a little the best of the coal problem.

Well, the fireman worked and the telephone pole sawed up into the right lengths. He then decided that the next day he would start to remove the fire wood to his home. When the next day dawned bright and clear and he walked with a cheery whistle toward his wood pile at the fire station, the whistle died on his lips and his jaw dropped with surprise. The wood pile had been cleared away as slick as a whistle. A brother fireman, it is said, had watched his brother workman work and then when the time was ripe had taken the wood pile unto himself. Complications both legal and otherwise are said to be about to follow.

WORDS OF WISE MEN

The love principle is stronger than the force principle.—Dr. A. A. Hodge.

True personal liberty can never interfere with the duties, rights and interests of others.

There are a lot of people who never put off till tomorrow what they can get anybody else to do today.

Modern thought is so vague, and its expression so inadequate, that terseness, clearness and accuracy of thought and expression will always command attention.

Music helps soldiers to march. It is possible to travel through life to the tune of praise. The habit of counting out mercies is as easy to form as the habit of grumbling.

The duty of man, as man, is thought. Pity and love may aid and cheer him, but as sovereign worker in this world, his duty is governance, guidance—in a word, thought.—Peter Bayne.

Let us realize that the real aristocracy of this world is an aristocracy of service, and let us do what we can by word and by example to hasten the days when an aristocracy that scorns to serve will be universally despised. Let us recognize that only those who labor, in the sense of performing some useful service, are possessed of real worth.

TEN USES FOR SALT

Lemon juice and salt will clean copper and brass.

Salt in water will take insects from vegetables.

Tiles will look bright and clean if scrubbed with salt.

Salt dissolved in a little ammonia will remove grease spots.

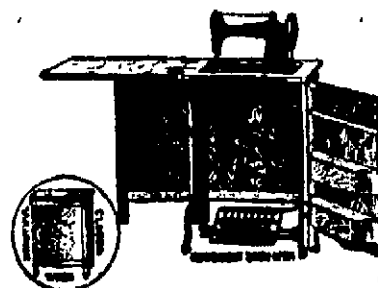

To brighten carpets, wring a cloth out of salt water and rub the carpets well.

A smoky or dull fire can be made clear by throwing a handful of salt over it.

Ink stains that are freshly made can be removed from carpets by successive applications of dry salt.

BALL GAME GAINS FOOHOLD

Five League Now Operating in France—5,000 Americans Playing Behind Fighting Lines.

Baseball in the American army in France gradually is becoming organized. Five leagues or sections have been formed. The six teams of each section will play a short season, with the winners of the sections meeting later in the year.

Besides these organized teams, there are hundreds of others that are not organized. It is estimated that all told, nearly 5,000 American fighting men are playing the national game behind the battle lines.

FAILURES IN TREE PLANTING

Many May Be Avoided if Tops Are Trimmed Back to Correspond With Roots.

Trees should be cut back when transplanted. In digging the tree the greater length of each root is usually cut off leaving the tree with only stub roots. If the whole top is left on, so many leaves are produced that they will need more moisture than the stub roots can supply. Many failures in tree planting will be avoided if the tops are cut back to correspond to the way the roots are cut off.

Temple Emanuel Service Tonight.

Divine services will be held at Temple Emanuel at 7:30 tonight. Rabbi Louis Brav will preach on the text, "Return, O Israel to the Lord Thy God." The Day of Atonement, the most sacred day in the calendar of the synagogue, will begin on Sunday night at the setting of the sun and continue for the whole day on Monday until sunset. Kol Nidre services, ushering in the Day of Atonement, will be held at Temple Emanuel on Sunday evening at 7:30. The theme of the sermon by Rabbi Brav will be, "Reconciliation." Services on Monday will begin at 10 o'clock and continue throughout the whole day. The theme of the sermon in the morning will be, "The True Conception of Religion." In the afternoon during the memorial service, the rabbi will deliver a sermon on, "In Memory's Shrine."

POPULAR GAMES IN ENGLAND

Yankee Stars Create Enthusiasm for Baseball and Other Sports—Talk of World Series.

American athletes reign supreme in old England. Scores of baseball players, who recently carried around the diamond in the good old U. S. A., have arrived in London. Clever pugilists also are arriving with the Yankee troops. Virtually every realm of sport is represented in the thousands of American soldiers and sailors who reach England before they are sent to the trenches of France or to Uncle Sam's front in foreign waters. After four years of hard fighting, the ranks of British sportsmen have been thinned to alarming proportions by the loss of hundreds of crack athletes, now resting in heroes' graves, and enthusiasm was on the wane until the Americans put fresh life into every

indoor and outdoor sport. The organization of the Anglo-American Baseball League has laid the foundation for baseball and the games in London have been largely attended. So much enthusiasm has been created that there is talk for a real international world series with contestants from America, England, France and Canada.

Caught Foot in Revolving Door. Harry Thurn, a boy residing at No. 125 Jansen avenue, while coming out of the central postoffice Thursday evening, in some way caught his foot in the revolving door. His cries for help drew a large crowd. Joseph Rabbi of 380 Broadway secured a crow bar at the Y. M. C. A. and released the lad, who was examined by Dr. John F. Larkin, who found that the boy had not injured his foot to any extent. Young Thurn after being examined walked to his home.

Make the Living Room a Place of Art

Have you ever stepped into one of those daintily furnished living rooms? Yes? Then you remember the feeling of restful satisfaction that crept over you.

You doubtless recollect the absence of heavy, upholstered, overstuffed furniture and the light, cane-backed and cane-sided suite, like the one pictured above. And how it invited you with the cool charm of airy comfort and soft cushions.

Such suites will go far to make your living room a place of art, a pleasure to the eye and a treasure in the very joy of its ownership.

We have them in varying styles—Queen Anne, Adam Period, Jacobean, Louis XVI. and other types of the furniture builder's art. You will find handsome designs in the upholstery. Soft, delicate and richly tinted velours to harmonize perfectly with the other room furnishings.

CONSERVE WHEAT.

The following recipes will be found useful in saving wheat flour, to be used at all meals that are not wheatless.

Combination Bread.—Take one cupful of oatmeal, one tablespoonful of salt, two tablespoonfuls of sugar, two cups of boiling water, a

tablespoonful of fat, two cakes of yeast dissolved in a half-cupful of lukewarm water; one cupful each of rye, corn flour and entire wheat flour with one three-fourths cupful of white flour. Pour the boiling water over the oats, rye and corn flour, then knead well, let rise, mold into loaves, then when double in bulk bake in a moderate oven. This bread saves 40 per cent wheat.

Oatmeal Bread.—Scald two cupfuls of oatmeal with two cupfuls of boiling water; add a tablespoonful each of fat and salt, four tablespoonfuls of corn sirup and a cake of yeast dissolved in a half-cupful of warm water; mix and add five cupfuls of wheat flour; knead well, let rise until double its bulk and make into loaves; when light bake in a moderate oven. This makes two loaves.

Rye is very scarce and is not now on the substitute list; it may be used as usual with flour if one has a supply, but cannot be purchased as a substitute any longer.

Cornmeal Bread.—Take two and a half cupfuls of skim milk, a tablespoonful of sugar or sirup, two tablespoonfuls of fat, two of salt, one and a third cupfuls of cornmeal, four and two-thirds cupfuls of flour, a cake of yeast dissolved in a half-cupful of warm water. Add the flour gradually after all the other ingredients are well blended and knead well. Let rise, knead again and mold into loaves. When double in bulk, bake in a moderate oven for at least an hour. This makes two loaves. In most homes these days you never see the ordinary wheat bread; everybody enjoys the substitutes so well.

Stone Ridge, Sept. 12.—Miss Ethel Mauterstock of Kingston will give an entertainment in the Grange Hall on Monday evening, September 30. This entertainment will consist of readings and music. ESOPUS.

Esopus, Sept. 12.—Do not fail to attend the patriotic service at the Methodist Church on Sunday evening next, September 15. We feel very sure that everyone will enjoy seeing the pictures of the soldier boys of the town of Esopus, and a large number of new ones are being added this time, so those who have already seen the others will want to attend to see the "latest" and also to listen to the lecture of Mr. Propheer of Ulster Park. It will be one way of showing that we appreciate the fact that "our boys" are doing their bit over there. Also do not forget to bring your bit toward the collection to meet the expenses incurred.

Mr. and Mrs. Martin and daughter, Miss May, returned to their home in Brooklyn after a two weeks' stay at the home of Mr. and Mrs. Jacob Fuchs.

CENTRAL NEW YORK FAIR AT ONEONTA

The Central New York Fair will be held at Oneonta during the five days, September 16-20th. It will be a gathering of men, women and children, old friends, old comrades, old neighbors, old residents, fathers, mothers, maidens, lovers, lads and lassies. Races that race to thrill full of freshness, life, quality and education. A fair of the people—for the people—by the people. Every amusement enjoyable and praiseworthy. In addition there will be the usual large display of horses, cattle, sheep, farming implements, etc. This is one of the reliable fairs that have not advanced their admission price which is 25c for each vehicle and personal. A dollar's worth for 25 cents.

INCREASED SUGAR PRICE

Permitted by Federal Food Administration.

The federal food board announced on Wednesday in behalf of the U. S. food administration that revised prices of sugar, permitting an increase to refiners and producers, have been authorized. The new sugar prices became effective September 9. A statement issued by the board follows in part: "As a result of the investigation of the sugar price situation by Oscar Straus, revised prices of sugar have been adopted by the U. S. food administration. On account of the decreased supply, increased cost of labor and material, fuel and containers, refiners and producers of sugar have been permitted to increase their price 1 1/2 cents per pound. The prices to the consumer in New York city after showing a gross profit of 35 cents per hundred pounds for the wholesaler and 1 per hundred pounds for the retailer are now as follows: 1 lb, 11c; 2 lbs, 21c; 3 lbs, 31c; 4 lbs, 42c; 5 lbs, 52c. Slight increases in prices for up-state are allowed to cover the cost of freight transportation.

LOAN ASS'N NOT FORMED TODAY

Federal Land Bank Field Organizer On Hand at Farm Bureau, But There Was No Attendance of Farmers—Matter May Be Re-visited.

Pursuant to announcement in The Freeman, E. H. Forbush of Springfield, Mass., the field organizer for the Federal Land Bank, in the district comprising the New England states and New York, met Assistant Farm Bureau Manager Ivan Wright at the Farm Bureau office today. There was not an attendance of farmers so that organization of a farmers' loan association for Ulster county cannot at this time be proceeded with.

Mr. Forbush leaves for his home tonight with the understanding that the Farm Bureau will take the matter up with the farmers.

It requires ten farmers' loans approved and made to start the association.

Mr. Forbush stated that there are already 120 associations in this district and that of the \$3,000,000 in loans approved over \$5,000,000 have been received and are in use by the borrowers who are farmers.

All persons interested in exceptionally fine paintings by our artists of note and in other articles of artistic merit as well as curios, and a large number of household articles of every sort, are reminded of the auction sale to be held tomorrow (Saturday) morning at 10 o'clock at the Old Red Cross Mill, right across the road from the Sawkill Farm House at Shady, which has been so successfully carried on this summer by the artists, Dewing Woodward and Louise Johnston.

STRIKERS WARNED: WORK OR FIGHT

By Telegram to The Freeman. Washington, Sept. 12.—Strikers at Bridgeport must either work or fight.

This was the threat addressed to them today in a telegram from President Wilson. It was the first application of Provost Marshal General Crowder's famous work or fight order, and grew out of the refusal of the men to abide by the recent decision in their case by the war labor board.

The president calls upon them to return to work at once, or forfeit their right to deferred classification on the ground that they are employed in an essential industry.

The president's telegram to the strikers also reveals the fact that the war department has taken over the operation of the Springfield, Mass., plant of the Smith & Wesson Co. "to insure continuity in production and to prevent industrial disturbance."

After pointing out to the strikers that they constitute less than ten percent of the men affected by the decision, and are, moreover, the best paid of all, the president says:

"Your strike is a breach of faith calculated to reflect on the sincerity of national organized labor in proclaiming its acceptance of the principles and machinery of national war labor board."

"If such disregard of the solemn adjudication of a tribunal to which both parties submitted their claims be temporized with, agreements become mere scraps of paper. If errors creep into awards, the proper remedy is submission to the award with an application for rehearing to the tribunal. But to strike against the award is disloyalty and dishonor."

Yallum Passed Civil Service.

Manuel Yallum of No. 50 Meadow street, this city, a recent graduate of the Moran business school received telegraphic notification Thursday of his success in the United States civil service examination for clerk with knowledge of stenography and typewriting. Mr. Yallum completed the stenographic course in a short time, and passed the examination with no previous office experience to his credit. It goes without saying that he will give a very creditable account of himself in the service of Uncle Sam. All who know him hope that he may be favored with an abundance of success in his new field.

Japs Active in Siberia.

Tokio, Sept. 13.—Khabarovsk, in eastern Russia, has been captured by Japanese infantry it was officially announced today. Among the 150 prisoners taken from the Bolsheviks were German officers. One hundred and twenty guns and seventeen river boats as well as much material were seized by the Japanese forces. The Bolshevik forces are retreating in the Blagoveschenik district.

DEBS FOUND GUILTY ON THREE COUNTS

By Telegram to The Freeman. Cleveland, Sept. 13.—Eugene V. Debs, three times candidate for the presidency of the United States on the Socialist ticket, has been found guilty on three counts of violation of the Espionage Act by a jury in the United States district court here.

The maximum penalty on each count is twenty years' imprisonment and \$10,000 fine. Counsel for Debs will make a motion tomorrow for a new trial.

may admit as members, under terms and conditions prescribed in its by-laws, persons engaged in agriculture, dairying or horticulture. Any person shall forfeit his membership if he has ceased to be engaged in agriculture, dairying or horticulture. For the purposes of this article a member, other than an individual, shall be represented by an individual associate, officer or partner thereof, duly authorized. Such association may become a member of any other association formed under this article with such rights, powers and representation as may be prescribed in the by-laws.

§ 206. Certificate of membership. Every such association shall issue a certificate of membership to each member. Such certificate of membership shall not be transferable, and no person may acquire same by operation of law, or otherwise, but it shall be subject to the action of the association, and the by-laws of the association, shall be entitled to become a member by virtue of such certificate.

§ 207. Voting by members. Each member shall be entitled to one vote only, and may be represented by proxy, subject to the action of the association, and the by-laws of the association, shall be entitled to become a member by virtue of such certificate.

§ 208. Working fund. An association may provide for the payment of expenses, necessary in the performance of its services to its members, by the creation of a working fund or otherwise, through fees, assessments, or charges for the services, to be fixed and collected in such manner as may be prescribed in the by-laws. Such fees, dues, assessments or charges shall be limited to the amounts necessary to meet expenses already incurred, or reasonably estimated as essential to the conduct of its operations, and shall not be deducted from future fees, dues, assessments, or charges of the members who contributed to such excess, in the proportion of their respective contributions.

§ 209-f. Auditing committee. Every association shall, from time to time, appoint a committee of three members, who shall not be directors, officers, agents, or employees of the association, which committee shall make an examination of the books and records of the association, and shall report the results thereof to the association, immediately after the close of each fiscal or business year, or at such other time as may be determined by the association. A complete audit of its operations shall be made for the fiscal or business year made for the fiscal or business year for which the association shall file a copy of the report of the audit with the secretary of state, within three months after the close of the fiscal or business year for which made and mail one copy to the United States department of agriculture. No person shall, without the consent of the association, except in obedience to judicial process, make or permit any disclosure whereby any information contained in said report may be identified as having been furnished by said association. Any person violating or failing to comply with the provisions of this section shall be deemed guilty of a misdemeanor.

§ 209-h. Voluntary dissolution. Any association may, at any regular meeting or at any special meeting called for the purpose, due notice of the time, place and object of which regular or special meeting shall have been given in accordance with the by-laws, by vote of two-thirds of all of the members, discontinue its operations and settle its affairs. Thereupon, it shall designate a committee of three members who shall, on behalf of the association, and within a time fixed in their designation or any extension thereof, liquidate its assets, pay its debts and expenses, and divide any surplus among the members as they may be entitled under the certificate of incorporation or by-laws. Upon final settlement by such committee, the association shall cease to exist under this article. The committee shall make a report in duplicate of the proceedings had under this section, which shall be signed by its members, shall be acknowledged by them before an officer duly authorized to administer oaths in this state, and shall be filed in the office in which its certificate of incorporation is filed and recorded.

§ 209-i. Corporate name. No association shall be formed under this article unless there be affixed to the name thereof, as required by section six of the general corporation law, such words or words or abbreviation as will indicate that it is a corporation as distinguished from a natural person, firm or partnership. Except as authorized by article three of the business corporation law, and article nine of the insurance law, no individual or partnership, nor any corporation or association, shall be entitled to be designated as a corporation incorporated under this article unless it is so designated in its certificate of incorporation, and in any instrument filed in any court of this state in connection with the use of such name. Any person violating any provision of this section shall be deemed guilty of a misdemeanor, punishable by a fine of not more than five hundred dollars.

§ 2. This act shall take effect immediately.

State of New York, Office of the Secretary of State.

Francis M. Hugo,

Secretary of State.

FRANCO-AMERICANS TOOK ST. MIHIEL CRUDE OIL STOCK BEING DEPLETED

With the American Army on the Lorraine front, Sept. 12.—(10 p. m.)—St. Mihiel, on the Meuse river, is reported to have been captured by the Americans and French. (St. Mihiel is the only point that the Germans got across the Meuse river in their drive into France in the district south of Verdun.)

According to latest information the line now runs through Herbeville to St. Remy, past the outskirts of Dommarin to Seuzey and thence to the old St. Mihiel line.

From the St. Mihiel sector the fighting front stretches from Apremont and north of Mont Sec, the Bois de Nonsard, north of Le Marche, north of Thiaucourt and past Verville-en-Haye and Fay-en-Haye, across the Moselle river to Cheminot.

SOCIETY NOTES.

Spanhake-Lasher.
Minerva Elizabeth Lasher, daughter of the late Charles Lasher and William Spanhake both of Lake Hill were quietly married Thursday September 12, by Dr. P. N. Chase at his home 15 Green street this city.

Richter-Kellerman.
Miss Esther Kellerman and Burton Richter, both of this city, were quietly married at 6 o'clock Monday evening at the parsonage of Livingston Street Lutheran Church, by the Rev. F. T. Schroeder. Their only attendant was Miss Dorothy Deming. Mr. and Mrs. Richter will make their home in West New York.

Grady-Halloran.
Miss Agnes Halloran of this city and Joseph T. Grady of Shokan were married Tuesday, September 10, at St. John's Church, Stony Hollow, by the Rev. F. W. Spellman, who also celebrated the nuptial mass. Miss Halloran is a graduate of the Benedictine Training School for Nurses and Mr. Grady is superintendent for Winston & Co., at Shokan, where they are going to live.

Opening of Saturday School.
The Saturday school of the Spring Street German Lutheran Church will reopen tomorrow morning at 9 o'clock. The aim of this school is to give the children of the congregation a thorough religious training and to prepare them for confirmation. The instructions in both languages, English and German, are given by Prof. Jacob Stumpf and the pastor. The parents are urged to send their children.

By Telegram to The Freeman.
Washington, Sept. 13.—Reserve stocks of crude oil in the United States are being depleted at a rate of 60,000 barrels a day, Judge Henry Ovington, representing oil interests, told the senate finance committee this afternoon.

"There is a very substantial shortage of crude oil," he said. "Oil production is not keeping pace with consumption. The only reason the oil interests have been able to supply the amount and variety of products they have was the existence of a vast reserve. Now this reserve is rapidly being exhausted."

"YOM KIPPUR" IS JEWISH HOLY DAY

Falls on Monday Next—No Jews to Be Inducted For Six Days' Period So That They May Be With Their Folks on That Hebrew Sacred Day.

According to a telegram received by Morris Kaplan of Kingston, chairman of the Jewish Welfare Board here, from the Jewish Welfare Board in New York city, the provost marshal has ordered that no Jews be inducted into the service during the period from Sept. 16 to 21, both inclusive, except individual inductions which are voluntary and may be deferred for seven days at the option of the registrant.

This action is taken because "Yom Kippur," the most sacred of the Jewish holy days, falls on next Monday, and this order suspends the induction of registrants of the Jewish faith that they might pass the holiday with their families.

The local boards here have received no word of this action of provost marshal general. It would not make any difference here so far, as to date the boards have received no orders to entrain any contingent during the period mentioned in the order.

REGISTRATION IN NEW YORK STATE

By Telegram to The Freeman.
Albany, Sept. 13.—Reports up to noon from 25 up-state boards of the 54 boards in the state indicated a total registration yesterday of 103,758 men between 18 and 45 years of age, inclusive, for Uncle Sam's military forces, Adjutant General Sherrill announced today. These figures led General Sherrill to predict that Provost Marshal General Crowder's estimate of 1,350,000 men for New York state would be fulfilled.

THE PEACE OFFENSIVE

German Terms Now A Little Less Arrogant

By Telegram to The Freeman.
London, Sept. 13.—Germany is ready to restore all territorial possessions taken during the war, except in the east, provided all the territory held by Germany and her allies in 1914 is restored, Friedrich von Payer, the imperial vice chancellor, asserted in his recent speech at Stuttgart, late dispatches state.

"In the east we have peace whether it pleases our western neighbors or not," said the vice chancellor. "Other territorial possessions which existed before the war, can everywhere be restored. Our preliminary condition for this restoration is that all territory possessed by us and our allies in 1914 shall be restored."

"We desire an agreement on the disarmament of nations provided complete reciprocity is applied, not merely between the armies on land but also between naval forces. Germany demands an open door to her overseas possessions."

The vice chancellor added that Germany wants peace and "would willingly forgo the forcing of indemnities which might jeopardize future peace."

"The plan for a league of nations," he continued, "will not be wrecked upon the opposition of the imperial German government. Impossible terms should not be laid down for our participation in negotiations for peace. We laugh at the idea in some quarters that we should first present a blank check for mercy, before we are admitted to such a conference."

Red Cross to Sew Tonight.
The Red Cross workers under Mrs. Hayes will meet this evening in the new sewing rooms on central Broadway.

Newburgh's Registration.
There were 4,503 men registered for federal service at Newburgh yesterday.

BATS IN SEVEN RUNS

"The most peculiar happening in baseball during my career took place when I was with the St. Louis Reds," said Bill Groom. "In a game at Pittsburgh, we had the bases filled and Larus Kirby came to bat. He hit for a home run, his hit accounting for four runs. Then the Pittsburgh management discovered that according to the score card Deke Drake should have hit ahead of Kirby. The umpire ruled Drake out for not having batted and allowed Kirby to hit over again. This time he tripped, striking in three runs, a total of seven runs in one time at bat."

JUST THOUGHTS

Each selfish act is a brick in the wall of a self-made prison.

The fires of true love warm a man's heart; the counterfeit merely scorches his fingers.

Do you make life comfortable or uncomfortable for others? Think it over until tomorrow.

Card of Thanks.

We desire to express our sincere thanks to friends and relatives for the many acts of kindness during the sickness and death of our beloved mother, Mrs. Eliza Daly, and to the employees of the Herbert Brush Company and others for their beautiful floral tributes.

FINE NEW RED CROSS WORKROOM

No longer will the faithful and efficient workers on Red Cross hospital garments in this city, have to be crowded beyond all elbow room and comfortable breathing space in the small upstairs room of the Red Cross Headquarters building. They are now ready for work in the spacious room right across from headquarters in what was formerly the Dittmar store. The place is exceedingly roomy, so that several additional sewing machines may now be very comfortably operated, and loans of additional machines in good condition would be highly appreciated. The window display in the two

large windows is creating a great deal of interest. It consists of a baby doll dressed in pink, in the one window and a similar doll dressed in blue in the other, each surrounded by the dainty garments of the little layettes which are for Belgian and French babies and which were contributed for the most part by guests from Greenkill Park, the work being supervised by Miss Los Kamp.

The systematic way in which all of the new room will be used and the work carried on has been due to Miss Katherine Millard, in charge of the hospital garment work, Mrs. Hayes, who has charge of the evening classes, and Mrs. C. E. Hasbrouck, of the supplies committee.

THANKS OF LAST FAMOUS PANTS CASE IN THE SERVICE OF OUR COUNTRY

One Who Made Trip on September 5 to Camp Jackson Writes to Board in Heartily Appreciation.

Bernard A. Culloton, who was one of the honor men leaving here for Camp Jackson on September 5th, has sent the following letter to the local board for Division No. 1, dwelling on the comfort afforded the men by the gifts of the local Red Cross, Messrs. Mann and others.

Camp Jackson, S. C.
Local Board of Division No. 1, for Ulster County, Kingston, N. Y.
Dear Sirs:—Now that we have been in camp sufficient length of time to realize what is expected of us I can tell you of our life so far.

As soon as our special train left Kingston our baggage was sorted out and immediately following our collective meal tickets and we were left to the dining cars. There we were treated to a real meal. Our next meal was at Richmond, a the third at Rocky Mount, N. C., the fourth and last "some place in S. C." The last three were box lunches put up by the Red Cross.

Between some of the meals we waited for eight to ten hours and it was during these waits that the fruit, candy and cigars of the Messrs. Mann were fully appreciated. And included in this appreciation were the cigars furnished by Mr. Pessenar.

The behavior of the men during our ride was so good as to draw a favorable comment from the lieutenant in charge. They were all in fine spirits during the entire trip.

We had our examination on Sunday and were inoculated Monday after receiving our uniforms.

The Ulster County Red Cross and the Women's Home Defense came in for their share of praise when we told that it was they who had given us our sweaters, wristlets, socks and comfort kits. We are the only men in our company who had been given anything like that when leaving. All of our boys insisted that we had the best chapter in the state.

Every man is loud in his praises of the treatment accorded him when he left. I wish to express through this letter the sincere thanks of every man who left with the draft contingent of September 5, to any one who in any way helped to make our send off one which each of us will long remember.

Very sincerely yours,
BERNARD A. CULLOTON,

Simmons Arrested Charged With Having Stolen Pants Discharged—Complaint Against Others Withdrawn—Van Wagonen Fined \$20.

Since the pants factory of Lyons-Koller Clothing Company was gutted by fire about five hundred pairs of pants had been stolen from the factory, which was located on the second floor of the Lawton building on Prince street. Several days ago Manager Dave Bergman had a warrant sworn out for the arrest of John Simmons and John DuBois, two young men, on a charge of having some of the stolen pants in their possession. There was also a warrant out for the arrest of William Miller, but he was not apprehended as he had left Kingston.

This morning after a trial before Judge Schlick the court decided that there was not evidence enough established to connect Simmons with the case, and he was discharged. He was represented by Judge N. Frank O'Reilly, while Andrew J. Cook represented the pants factory.

The complaint against DuBois and Miller was also withdrawn. Frank Miller was also withdrawn. James Van Wagonen, arrested on complaint of Charles Gray charging Van Wagonen with stealing some automobile tires, entered a plea of guilty and was fined \$20 and sentenced to six months in jail. The jail sentence was suspended pending good behavior.

AMERICANS' REPULSE
COUNTER ATTACKS

By Telegraph to The Freeman.

With the American Army on the Lorraine Front, Sept. 13 (Noon).—A heavy counter attack was delivered by the Germans against the right wing of the new American front east of St. Mihiel this morning.

The assault, which was preceded by a violent bombardment of one hour, was completely repulsed by the Americans.

The counter attack was made at two o'clock.

(The American right flank would rest along the southern side of the salient between the Meuse and Moselle rivers.)

A PECULIAR ACCIDENT.

Mr. Winne Suffers Injuries to Hand

When Out By Lead Pencil.

Benjamin Winne of the firm of L. S. Winne and Company, hardware dealers on Wall street, is confined to his home from injuries to his left hand. At the store Thursday he reached into a box to get something and the sharp point of a lead pencil that was in the box penetrated the palm of his left hand, making a deep wound. Dr. W. O'Leary was called. Mr. Winne was taken to the Benedictine Sanitarium, and after an X-ray examination had been made, an operation was performed.

COUNTY W. C. T. U.
AT ULSTER PARK

Delegates Were Warmly Welcomed
at Ulster Park Reformed Church
—Mrs. Bell Elected President for
Ensuing Year.
(Official Report.)

The 38th annual convention of
the Woman's Christian Temperance
Union of Ulster county was held in
the Reformed Church at Ulster Park
Wednesday, September 11. Again
as formerly two years ago, it seemed
necessary to make this a one day
convention, just for the transaction
of business.

A warm welcome awaited the dele-
gates as they gathered in the old
historic Reformed Church, founded
in 1827.

The church was prettily festooned
with streamers of which the na-
tional flag having a prominent place
as well as an honor roll and service
flag with nine stars showing that the
community was surely doing its bit
as a Red Cross banner across one
corner of the church suggested.

The morning session opened with
a devotional service, conducted by
Mrs. Edward Young of Milton. Af-
ter singing "Jesus Shall Reign,"
Mrs. Young read the 146th Psalm.
"The Crusade Psalm," and led in an
earnest prayer.

All joined in singing our national
hymn, America and in giving the
salute to the flag.

The committees were appointed
by President Mrs. Bell of Milton:
For taking subscriptions to all tem-
perance papers, Mrs. Scofield; on
credentials, Mrs. Grace DeGraff of
Ulster Park and Mrs. J. D. Rose of
Highland; on courtesy, Miss Sears.

Mrs. Grace DeGraff, president of
Ulster Park, gave us warm words of
welcome, saying she was glad she
could address us all as "fellow citi-
zens." She gave us encouraging
words also, thinking we could
greatly rejoice over the great strides
made toward national prohibition.

Greetings from the church and
community were brought to us by
the pastor of the church, Rev. C.
Van Oostenbrugge, who gave us
very hearty greetings and closed with
words that he knew we were always
on the side of all things for good
and that are always uplifting.

Miss Alice Kiersted of Kingston
responded in a few well chosen
words and thanked Ulster Park for
taking us in for our annual conven-
tion.

A memorial service was conducted
by Mrs. Theron DuBois of Highland.
We sang "Beautiful Isle of Some-
where."

After reading from I Cor., the roll
was called and tributes were paid
to several departed members. Deep
regret was expressed in the loss to
our organization through the death
of our vice-president, Mrs. M. L. F.
Stevens of Gardiner. Mrs. Bell spoke
of her many excellent qualities. Two

"Dear Old Pal of Mine"
sung by John McCormack

Song is often the only avenue that can be
found for expressing the utter loneliness and
misery of the battlefield. It takes a soldier, such
as Lieut. Gitz-Rice, to translate the resulting
emotions into music. And who could better inter-
pret such emotions in song than John McCormack?
"Dear Old Pal of Mine" voices the longing of the
soldier for the woman whose comradeship would
surely be a solace and a reviving of spirit.

"Good-bye Mother Machree"

An affectionate farewell by a soldier to his
mother. Sung with telling effect by Harry Mac-
donough and the Shannon Four.

On the same record Helen Clark renders
"One for All and All for One," the official song of
the Stage Women's War Relief, with a sturdy
march tune.

"There's a Reason"

A most excellent report for depart-

ment of flower mission, was read by

Mrs. Palen in absence of Miss De-

roy of New Palis. We will give sum-

mary: 1546 bouquets distributed;

572 text cards; 252 jars of fruit; 232

garments; made 263 visits on sick;

cave 124 drives; \$5.00 toward sup-

port of orphans; gained 25 members.

These reports were accepted with a

rising vote of thanks.

The following resolution was read

by Mrs. Palen:

We extend our hearty thanks to

the members of Ulster Park W. C. T. U., to the R. D. Church and the

supplied submarine chapter, No. 78, community at large for their hos-

pitality. As has been said, "We had

this, and an interesting letter from a

place to go—they kindly took us

one of the boys supplied was read, "We

to the local president, Mrs. DeGraff

and her assistants for the generous

contribution toward our

lunch, to the visitors. Men who have

given us words of congratulation

and encouragement, to organist and

violinist, to all who have in any

way made the day a pleasure and the

convention a success.

The ladies of Ulster Park W. C. T. U.

were called to the platform and

with joined hands all sang "Bless Be

Thee That Binds."

Convention closed with earnest

words of prayer by President Mrs.

Bell.

Between sessions, delegates par-

took of a box lunch tables being pre-

pared on the church lawn. The ladies

of Ulster Park generously contribut-

ed hot coffee, fruit, etc.

We have met with some losses the

past year in memberships and other

ways attributed largely to energies

being devoted to war relief work.

LANESVILLE.

Lanesville, Sept. 12.—Henry
George and family of Maywood, N. J.,
visited friends here over Labor Day.
Therefore Sweden spent a few days
recently with relatives in Kingston.

Mrs. M. Jensen was recently called
to New York by the illness of her
daughter, Mrs. S. W. Hower, who
underwent an operation for appen-
dicitis in the Kingswood Hospital
and we are glad to say that she is
convalescing at this writing.

Our town was again visited dry with
a large majority at the special elec-
tion held last week, the women being
able to cast their vote this time.

Much credit should be given to the
ladies of this place.

Mr. and Mrs. George Knoll, Mrs.
M. E. Tupper and Miss Elsie Lane
were Kingston callers Tuesday.

Miss Addie Jensen and Master
Harold Hower, who have been
spending the past month at her home
have returned to Grandwood, N. J.

World has been received from
Harry Crosby, who left last week for
Camp Syracuse, that he arrived safe
and is feeling well and enjoying him-
self.

tel of Poughkeepsie.

telmez of New York city, and Con-
stance Balfour, of California, who
have been spending the summer at
the "Orchard Cottage," have re-
turned to their respective homes.

A farewell party was tendered at
the home of Brooksbury Curtis Wed-
nesday evening last, as he was leav-
ing the next day for Camp Jackson,
S. C. His many friends attended,
wishing him the best of luck and a
speedy return.
